Career Objective

Employment as technical support and customer service engineer.

Work Summary

I expect to graduate in 2022 from Angelo State University in San Angelo, Texas, with a Bachelors of Science in Computer Science.

My prior employment involved technical support for both coworkers and customers.

Career Experience

Albertsons/Market Street, Administrative Coordinator, San Angelo, TX (Dec. 2004-June 2019)

- Technical assistance and support for computer and technology related issues for all management and other employees.

Education

Angelo State University, B.S. in Computer Science

- expected December 2022, 4.0 GPA

Skills

- Experience building hobby-level personal computers.
- Familiar with Excel and similar office productivity software, including a rare occurrence of dabbling with Visual Basic within Excel.
- Have briefly worked with several languages including:
 - C++
 - Java
 - and Python.

Awards and Memberships

Angelo State University, Dean's List, Fall 2019 and 2020.

Member of Alpha Chi Honor Society, October 2020.
